

EZ Port **MAX 2i**

Modular • Adaptable • eXpandable

NEW!

EZ Porting to the MAX

Introducing the new EZ Port MAX 2i™, EZ Dock's latest addition to its revolutionary EZ Port® product line. The new features of the EZ Port MAX 2i make it the best drive-on PWC lift available today. Our patented roller system allows for smooth and easy drive-on entry and roll-off launching, even for beginner PWC operators.

The EZ Port MAX 2i offers a single piece design with all the key features of the proven EZ Port MAX system. Featuring an integrated flotation device designed for PWCs up to 1,700 pounds.

Patented roller system can be adjusted for multiple watercraft shapes and sizes
