INTRODUCING THE

EZ Port 4

THE LATEST ADDITION TO THE EZ PORT FAMILY.

EZ DOCK PROUDLY INTRODUCES THE

EZ Port 4

**The Largest
ONE PIECE
Boat &
Personal
Watercraft
lift on the
market!**

FEATURES AND BENEFITS:

- Quick, virtually effortless launching and boarding
- Adjustable polyurethane Stoltz Super Rollers™
- Can be used as a stand-alone product or may be attached to any existing dock.
- Convenient moorings
- Safety bulkhead
- Three-side accessibility
- Low maintenance - never paint or repair your dock again!
- Beige surface cool to the touch.

For Boats up to 20' & 4-seat PWC's!

Complete with all the features of the exceptional line of EZ Port products, the EZ Port 4 is designed specifically for 4-seat personal watercrafts and boats up to 20 feet in length. The EZ Port 4 also boasts a weight capacity of up to 2000 lbs, making it the most versatile docking solution on the market today.

The EZ Port 4 has a variety of configurations available, with standard features that virtually eliminate the competition in docking standards. These features include a flip up front cleat and six other optional cleat positions, a fixed-position stern roller and three bow-way rollers (each with 12 adjustment options), patented rotomolded polyethylene construction, slip-resistant surfaces and much more. These features, along with superior customer service, combine to make the EZ Port 4 the first of its kind—and the finest—in the industry.

The EZ Port 4 also attaches to any other EZ Dock section and has the option of utilizing EZ Dock access options, anchoring systems and accessories. To create the perfect installation, EZ Dock design engineers and installers are available to handle the technical details and ensure total customer satisfaction.

MAKE DOCKING AND LAUNCHING PART OF THE FUN!

1-800-654-8168

EZ Port is the simple drive-on, push-off method of dry-docking. No winching, cranking, pumping, or hoisting. Self-floating EZ Port moves with changing water levels and helps protect the craft from damage caused by wind or wave action. EZ Port is so simple to use, even beginning boat and PWC operators will find boarding and launching a breeze. And, EZ Port is a one-piece unit, which can be used alone or with other docks. Installation requires just a few tools and very little time. The EZ Port dry-docking system is the fastest, simplest, and easiest to use.

OTHER MEMBERS OF THE EZ PORT FAMILY:
